SUBJECT: FNM – Allocations for CRP

File Code: 250

TO: All NRCS Employees

Yesterday October 16, 2007, NHQ received a partial apportionment from the Office of Management and Budget for Conservation Reserve Program (CRP) technical assistance. It will be a few days before allocations based on these apportionments can be sent to states.

We have been informed that in the interim, work on CRP may proceed immediately. Technical Assistance activities should be consistent with our standing agreement with the Farm Services Agency. Please follow previous guidance stated in the October 5th memo from me regarding all other program activities.

Please note the changes in Web TCAS will be made in the near future to accommodate charging time toward these apportionments. If you have any questions, please contact Harold Thompson at (317) 290-3200, ext. 320.
