With fellow farmers about no-till planter attachments

Time: 8:30 am to 3:30 pm

3rd Annual No-till Planter Clinic

Joe Nester is an independent crop consultant in northwest Ohio, and owns Nester Ag, LLC.

Nester Ag, LLC services farm operations in NW Ohio, NE Indiana, and South Central Michigan, providing independent soils consulting and nutrient management

planning. Nester Ag also provides agricultural technology consulting to farms for trials and evaluation of farming methods, and improving efficiency and profitability of production methods. Nester Ag, LLC manages the Ohio On Farm Network of field trials and evaluations and Nitrogen Research field trials for a Conservation Innovation Grant for Environmental Defense Fund.

Nester also provides conservation outreach consulting for many partners in agriculture in the Western Lake Erie Basin, including Ohio Natural Resource Conservation Service.
