**SECOND AMENDMENT
TO THE
1969 OFFICIAL PUBLISHED SOIL SURVEY
MANUSCRIPT OF THE SOILS OF
ALLEN COUNTY, INDIANA**

MAY 2002

This amendment is to the published manuscript of Allen County, which is the last official record of the correlation activities in Allen County. There are no file records of "Correlation of Soils of Allen County", which was prepared by Purdue University in the early 1960's, all efforts to locate this document have failed.

This amendment results from digitizing the Allen County Soil Survey, the update of the NASIS database, and conforming to the Keys to Soil Taxonomy, 7th Edition, 1996 and 8th Edition, 1998.
